

## Calgary Harley-Davidson Motorcycle School

Our aim is to teach old and new riders how to safely ride a motorcycle on Calgary streets, with confidence.

Two Calgary Police Officers started our school initially in 1996. Our curriculum is based on their experience as motorcyclists, police officers, and Alberta Transportation.

We train on a fleet of 500cc Buell Blasts. The Blast was specifically developed for new riders and commuters and is the perfect motorcycle in both size and handling for training purposes. It will give you the confidence you need without sacrificing size. Our Factory Authorized Service Department maintains them regularly.

Our success is maintained by our quality instruction, and we pride ourselves on the lowest student to instructor ratios in the business. We will provide you with up to 3 instructors and a maximum of nine students per course. Additional hands-on training is available at the instructor's discretion.

**NOTE:** Students must provide their own riding gear. Additional helmets or rain gear will not be available.

Weekend courses (consecutive Sat & Sun) are physically challenging. Please use discretion when registering for these courses.
